Respected Sir/Madam,

We would like to request your permission to organise two events as part of NOVUS 2026 a Coding event as the technical event and a Dance event as the non-technical event.

The tentative details of the events are:

- Technical Event : Coding
- Non-Technical Event : Dancing
- Tentative Date : 10-10-2026
- Target Audience : 1st-Year & 2nd-Year Students
- Duration : 3 hours
- Registration Fee : No Registration Fee
- Venue : KLHB

The coding event will include programming-based challenges where students can apply their coding and problem-solving skills. The questions can be designed according to the level of the students participating, making the event both interesting and challenging.

The dance event will be a non-technical activity where students can participate individually or in teams and perform different forms of dance. It will give students a chance to take part in an activity outside their regular academics and make NOVUS 2026 more engaging.

We will be responsible for coordinating the events and making the necessary arrangements. We will also follow the instructions given by the department and ensure that the events are conducted in a proper and disciplined manner without affecting regular academic activities.

We kindly request you to consider our proposal and grant us permission to conduct these events as part of NOVUS 2026.

Thank you for your time and consideration.

Yours sincerely,

2620080072-Madhupriya

2620030065-Hansika sudha

2620030223- Tanshika

2620030146-Sathvika
